I've known Toria for about 15 years. Our friendship developed when we started working together. We vibed and became really close friends. I am going to miss our phone calls that would last for 4 plus hours. We'd go from reminiscing about old times to talking about fragrances and whatever else randomness. My friend you will be truly missed. I'll forever cherish your memories and the sentimental gifts. Sending prayers to the family during this time. Love you always.

She was such a special friend. I am still just in utter shock. She had the most beautiful smile. Fly high girl. I love you.
